

EL Civics Technology Plan

Online Training Schedule

Fall 2010

Training on how to update the Technology Plan online will be offered via online meeting. This training is appropriate for **ALL** those involved in developing the technology plan. There are a number of changes from last year based on input from a focus group of users. A handout will be provided and also posted online, and participants will be able to view the presentation and ask questions of the presenter and each other.

To attend an online meeting you will need to have a fast Internet connection and a phone that you can be on at the same time that you are online. You will see the online submission form being demonstrated.

If you have questions, call Branka Marceta at OTAN, (916) 228-2580.
