

# Guide to Your Client Progress Dashboard

Your **Client Progress Dashboard** helps you track your progress in the NEDP portfolio. The progress wheel shows where you are in each part of the program:

- Diagnostic Phase
- Generalized Assessment Phase
- College and Career Competency (CCC)

The **Client Resources** button is below the progress wheel. The image below shows what your dashboard looks like. Your advisors, assessors, and reviewers may see a different view.

Release date: July 1, 2026

# Guide to Your Client Progress Dashboard

## Diagnostic Phase Status Guide

|                                 |                                                                                            |
|---------------------------------|--------------------------------------------------------------------------------------------|
| <b>Not Started</b>              | You have not started the Diagnostic Phase yet.                                             |
| <b>Started</b>                  | You have started the Diagnostic Phase but have not finished all diagnostic activities yet. |
| <b>Demonstrated / Confirmed</b> | You have completed the Diagnostic Phase.                                                   |

## Generalized Assessment Status Guide

The colors in the progress wheel match the status descriptions below.

|                                 |                                                                                                                                                 |
|---------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Not Open</b>                 | Your assessor has not opened this area yet, or it is no longer open for you to work on.                                                         |
| <b>Not Started</b>              | Your assessor has opened this area, but you have not started working on it yet.                                                                 |
| <b>Started</b>                  | You have started the activities in this area but have not sent work to your assessor yet.                                                       |
| <b>Progressing</b>              | You are working in this area. This status starts when you first send work to your assessor and ends when the area is sent for portfolio review. |
| <b>Portfolio Review</b>         | The area has been sent for portfolio review. You will see this status until your work is demonstrated and confirmed.                            |
| <b>Demonstrated / Confirmed</b> | You have shown the required skills, and the area is complete.                                                                                   |

# Guide to Your Client Progress Dashboard

## College and Career Competency (CCC)

The College and Career Competency or CCC, works a little differently from other parts of the NEDP portfolio. After you submit your CCC, you may see one of these statuses:

- Submitted to assessor
- Submitted to reviewer
- Demonstrated / Confirmed
